September 16, 2019

Dear Cherry Hill High School East Community:

This morning, September 16, 2019, at approximately 8:20, a student experienced a medical emergency. Our school nurse came to the student's aid and paramedics were called. A "shelter in place" was announced to clear the hallways so that the paramedics would have direct and easy access to reach the student.

During a shelter in place, the following procedures are followed:

1. All outside activities are suspended.
2. Exterior doors remain secured.
3. No one is permitted to exit or enter the building.
4. School staff remain in their classrooms and office areas.
5. Classroom doors and windows are secured and students do not change classes.
6. Teachers continue to provide classroom instructions.
7. Fire alarms are disregarded unless otherwise instructed.
8. School staff are notified when the shelter in place is no longer in effect.

The student left the building to receive medical care and the Shelter in Place was lifted at 8:46 am.

As always, the safety and health of our students and staff is paramount. I would like to thank our staff and students for their calm and focused response.

Please don't hesitate to call me with any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Dennis Perry".

Dennis Perry, Ed. D.  
Principal
