Dear East Community;

I am writing to inform you that a Cherry Hill High School East student will be accompanied in school by a service dog. I understand that, initially, the introduction of a dog into the school environment may create some excitement. Because of that potential, please behave responsibly when in the vicinity of a service animal. This means:

1. Never pet a service animal while it is working. For our purposes, we must assume that the animal is always working.
2. Never feed a working service animal.
3. Do not deliberately startle, tease or taunt a service animal.

I also understand that the introduction of a service animal may cause some members of our community to have concerns and/or questions. Please direct any questions and non-health related concerns to me by calling the school or emailing me at [dperry@chclc.org](mailto:dperry@chclc.org). If you have any health related concerns regarding the introduction of a service animal into the school building, please direct these questions to our nursing office at East High School.

Thank you for your anticipated support as we strive to provide an environment where all of our students can succeed.

Sincerely,

Dennis Perry, Ed.D.  
Principal  
Cherry Hill High School East
